EXHIBITIONS ON GLASS TECHNOLOGY,
FENESTRATION, FAÇADES &
ALUMINIUM EXTRUSIONS

02-05 DECEMBER 2021

BOMBAY EXHIBITION CENTRE (NESCO), GOREGAON EAST

MUMBAI, INDIA

Over the past few years, innovation in the realty and its associated industries have reached extraordinary numbers. Industries in fenestration and infrastructure have sky-rocketed in terms of economic aspects, by making use of the latest technological innovations. The demand for quality & superior infrastructural materials, be it residential or commercial, are increasing rapidly with each passing day. Therefore, in order to produce superior materials, an organization has to keep up with the latest technological advancements.

Zak has laid out a flawless podium which showcases the latest technological innovations from the industry. It serves as an intermediate platform where professionals of the industry come together at exhibitions to discuss and explore new possibilities in the areas of Glass Processing, Aluminium Extrusion, Façades and Fenestration. This marks a new dawn towards a bright future where idealistic possibilities turn into innovations.

The previous edition of the Zak Expo attracted more than 430 brands from 27 countries. The expo witnessed new product launches that not only set high standards but also created an exciting path-way to excellence. In the years to come, Zak will continue to set high standards and reach even greater heights with each concurrent exposition.

SETTING NEW STANDARDS OF EXCELLENCE IN GLASS TECHNOLOGY

18TH INTERNATIONAL TRADE FAIR ON GLASS PRODUCTION, PROCESSING, TECHNOLOGY & PRODUCTS

The growth of technology in the glass industry has increased rapidly over the last few years. This has led to a huge demand for the latest innovations that would impact the future. The 18th edition of the Zak Glass Technology Expo will feature more than 230 brands from across the world showcasing their products under one roof. Meet the industry experts and get educated on the latest & emerging technologies and techniques of the Indian Glass Fraternity.

In Association With

Strategic Partner

ZAK GLASS TECHNOLOGY EXPO

ADVANTAGES OF PARTICIPATION

- It is the leading glass technology trade show in India and South Asia.
- Amongst the best-promoted brands in the Indian glass industry (2019 show received over 25000 visitors).
- The presence of potential buyers from the fenestration and aluminium extrusions industry in the adjoining concurrent event of Zak Doors & Windows Expo and Zak Aluminium Extrusions Expo.
- High profile and knowledge oriented International conferences are held concurrent to the show covering their respective industries.
- Mumbai is the commercial capital of India and the infrastructure development is growing at a rapid phase.
- Bombay Exhibition Centre (BEC) is a popular destination and one of the largest exhibition venues in Mumbai. The centre is ideally situated along the Western Express Highway in Goregaon, having a close proximity to the Airport and is well connected to the railway station.
- The experienced team of Zak has a profound knowledge of local customs and business practices.
- It has close contact and excellent know how of the industry, the local market and the trade media.
- Zak Glass Technology co-operates with ministries and official organizations and is supported by all important industry associations.

EXHIBITOR PROFILE

GLASS PRODUCTION TECHNOLOGY

- Coating Technology
- Forming for Flat Glass
- Glass Melting Technology
- Kiln Technology
- Raw Materials
- Technology for Float, Flat, Sheet Glasses and many more

FAÇADE ELEMENTS

- Aluminium Composite Panel
- Façade Cleaning & Access Systems
- Glass Façade Solutions (Design & Fabrication)
- Insulation Materials
- Other Cladding Materials and many more

AUXILIARY PRODUCTS, FITTINGS AND TOOLS

- Architectural Glass Hardware
- Cutting, Grinding and Drilling Tools
- Glass Adhesives
- Glass Coatings
- Glass Handling
- Glass Packaging
- Glass Storage
- Glazing Tools
- Industrial Tapes
- Inspection & Measuring Tools
- Pvb / Eva Films
- Silicone Sealants & Technology
- Spacer Bars and many more

GLASS PROCESSING AND FINISHING

- Cleaning Technology
- Cutting, Breaking and Snapping Technology
- Digital Printing Technology
- Drilling Technology
- Edge and Surface Finishing Technology
- Electronic Display Glass Technology
- Forming and Bending Technology
- Insulating Glass Technology
- Laminated Glass Technology
- Nanotechnology
- Tempering Technology and many more

GLASS PRODUCTS AND APPLICATIONS

- Automotive Glass
- Decorative Glass
- Fire Resistant Glass
- Flat Glass
- Lacquered Glass
- Mirrors
- Safety Glass
- Stained Glass
- Toughened Glass and many more

OTHERS

- Associations
- Software
- Trade Publications

VISITOR PROFILE

- Architects and Interior Designers
- Automobile Industry
- Builders and Developers
- Dealers and Distributors
- Door, Façade and Window Contractors
- Fabricators
- Facility Managers
- Façade Consultants
- Glass and Metal Contractors
- Glass Industry
- Glass Manufacturers and Processors
- Investors
- Retailers
- Solar Industry and many more

AT THE FOREFRONT OF INNOVATIVE EXCELLENCE IN FACADES AND FENESTRATION

17TH INTERNATIONAL TRADE FAIR ON DOORS, WINDOWS, FAÇADES, TECHNOLOGIES COMPONENTS & PRODUCTS

The 17th edition of Zak Doors & Windows Expo promises a new take on existing façades with implementation of new designs, latest concepts and original productions. Exclusive product launches and innovative concepts will be showcased, as prominent brands make their way to the 4-day expo to connect and interact with the Indian façade market. Witness some of the most exciting developments with over 250 participants from 20 countries at the Zak Doors & Windows Expo.

ZAK DOORS & WINDOWS EXPO

ADVANTAGES OF PARTICIPATION

- It is India's first & largest trade fair on doors, windows, façades & its allied products.
- Most popular & focused trade show for the Indian fenestration industry, drawing huge audience from all the sections of the industry (2019 show received over 25000 visitors).
- The presence of potential buyers from the glass & aluminium extrusions industry in the adjoining concurrent event of Zak Glass Technology Expo and Zak Aluminium Extrusions Expo.
- The fair has an extensive display profile covering solutions for aluminium, steel, PVC & wood.
- Excellent display of live machines for processing & finishing.
- It is promoted through the Zak World of Façades & Zak World of Windows conferences which are held throughout India & internationally.
- Mumbai is the commercial capital of India and the infrastructure development is growing at a rapid phase.
- Bombay Exhibition Centre (BEC) is a popular destination and one of the largest exhibition venues in Mumbai. The centre is ideally situated along the Western Express Highway in Goregaon, having a close proximity to the Airport and is well connected to the railway station.
- The experienced team of Zak has a profound knowledge of local customs & business practices.
- It has close contact & an excellent know-how of the industry, the local market & the trade media.
- Zak Doors & Windows Expo co-operates with ministries & official organizations & is supported by all important industry associations.

EXHIBITOR PROFILE

WINDOWS

- Aluminium Windows
- Composite Windows
- Steel Windows
- uPVC Windows
- Variety of Profiles and Systems
- Wooden Windows

CLADDING

- Aluminium Composite Panel (ACP)
- Ceramic / Porcelain
- Fibre Cement
- High Pressure Laminates (HPL)
- Metal (Zinc / Copper / Aluminium Stainless Steel)
- Terracotta
- Wood Plastic Composite (WPC)

MACHINERY

- Aluminium Processing
- Aluminium Punching
- Panel Processing
- Steel Processing
- Thermal Break Assembly
- uPVC Processing
- Wood Working

RAILINGS

- Aluminium
- Balusterless
- Stainless Steel

RAW MATERIALS

- Plastic Granules
- Rigid uPVC Adhesives

FAÇADE ELEMENTS

- Anchor Fastener
- Building Maintenance Unit (BMU)
- Cast-in Anchor Channel
- Curtain Wall Bracket
- Curtain Wall Systems
- Expanded Metal Mesh
- Façade Access Systems
- Façade Cleaning
- Façade Engineering Solutions (Design + Fabrication)
- Insulation (Glass Wool / Mineral Wool)
- Louvres
- Structural Glazing Tapes
- Structural Sealants

ACCESSORIES & HARDWARE

- Adhesive Tape
- Blinds
- Coating (Powder/ Anodising / PVDF)
- Decorative Films
- Door Closers
- EPDM Rubber Gasket
- Espag
- Fastener
- Friction Stay
- Handles
- Hinges
- Lock
- Measuring Tool
- Paint
- Polyamide Strips
- Power Tool
- Profile Lamination Film
- Protective Film
- PU Foams
- Silicone Sealant
- Steel Reinforcement
- Window Mesh
- Window Ventilation
- Woolpile

DOORS

- Aluminium Doors
- Automatic Doors
- Door Infill Panels
- Metal Doors (Fire Rated / Non-Fire Rated)
- uPVC Doors
- Wooden Doors
- WPC Doors

OTHERS

- Associations
- Flyscreen
- Pergola
- Software
- Trade Publications and many more

ACHIEVING EXCELLENCE THROUGH FUTURISTIC INVENTIONS IN ALUMINIUM EXTRUSIONS

12TH INTERNATIONAL TRADE FAIR ON ALUMINIUM EXTRUSIONS, TECHNOLOGIES, APPLICATIONS & PRODUCTS

With sustainability at the core of development, aluminium extrusions takes the top spot with its stability and strength in the construction industry. The 12th edition of Zak Aluminium Extrusions Expo will bring together industry stalwarts from across the world to showcase their latest products in the 4-day event. With over 40 participating brands, learn more about Aluminium and its usage in the construction market at the Zak Aluminium Extrusions Expo.

ZAK ALUMINIUM EXTRUSIONS EXPO

ADVANTAGES OF PARTICIPATION

- It is the only trade fair dedicated exclusively to aluminium extrusion, its technologies, applications and products.
- The presence of potential buyers from the glass and fenestration industry in the adjoining concurrent event of Zak Glass Technology Expo and Zak Doors & Windows Expo.
- The fair has an extensive display profile for all kinds of technologies and solutions pertaining to aluminium extrusions.
- High profile and knowledge oriented International conferences are held concurrent to the show covering the worldwide developments and changing trends in aluminium extrusions
- Mumbai is the commercial capital of India and the infrastructure development is growing at a rapid phase.
- Bombay Exhibition Centre (BEC) is a popular destination and one of the largest exhibition venues in Mumbai. The centre is ideally situated along the Western Express Highway in Goregaon, having a close proximity to the Airport and is well connected to the railway station.
- The experienced team of Zak has a profound knowledge of local customs and business practices.
- Presence of industry leaders from the aluminium extrusions industry.

EXHIBITOR PROFILE

EXTRUSION TECHNOLOGY & SERVICES

- Aging Ovens
- Anodizing Chemicals

POST SHOW REPORT 2019

Zak Glass Technology Expo 2019 saw exhibitors from around the world making their way to the 4-day expo to showcase and launch their latest products and inventions. The rise in visitor attendance is a testament to the rising popularity of the Indian Glass Production industry and the demand for latest technologies and solutions. The 17th edition of the Zak Glass Technology Expo saw an unparalleled growth in visitor and exhibitor satisfaction with more than 215 exhibitors from over 18 countries.

The Zak expo this time has been great. We have met quality prospects that we would not have reached through other marketing channels. The quality of visitors has been excellent and the organiser has done a good marketing and branding to reach every individual. Thanks and we look forward to being a part of the upcoming show.

Sinith Sagar, Operations Head
Glasstech Industries India Pvt Ltd /
Gutal Trading India

Like always Zak Glass Technology fair was a great success. Zak is the only platform which has brought technology suppliers, glass manufacturers, glass processors, fabricators, installers and consultants under one roof, so a customer can get total solution related to the fenestration industry from Zak Glass Technology fair. The foot fall, the arrangements and the size was good. Congratulations and wish you all good luck!!

Suhasini Gupta, Market Analyst
Gold Plus

Landglass appreciates Zak expo, who give us a big stage to stand at the highest level to show our technology in India. We produce tempering machines and build industry 4.0 smart factory according to our customer's request. Thank you once again for giving us a great chance to join the expo. We will try our best to continue giving the best tempering furnace and service to all the Indian customers.

Ge Wenhan, International Sales Manager
Land Glass

ZAK exhibition is one of the most advanced external wall and building technology exhibitions in South Asia. Our stand attracted customers who were interested in float glass and laminated glass. We found that the main demand in the Indian market was float glass, thermal reflective glass and laminated glass. This is of great strategic significance for our future marketing and investment plans for the Indian market. Thanks again to ZAK for providing Kibing with this opportunity to communicate with the predecessors of the world. We will firmly implement the strategy of product standardization and differentiation, and provide better Kibing products to the society.

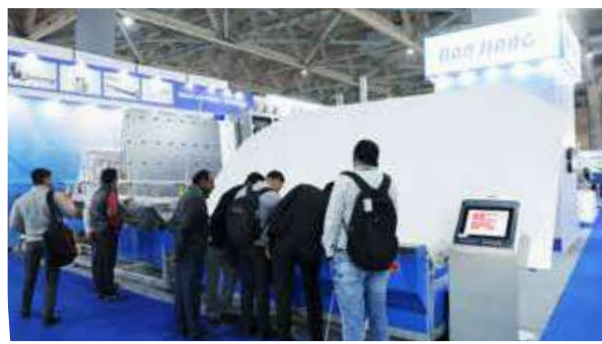

Jiang Yujian, Technology Director
Kibing Group

ZAK 2019 provided a good opportunity to introduce the HEGLA group companies to the Glass Processing segment and we showed Cutting, Tempering, handling and full software solutions. The response was very positive towards the special processes which uses Laser for the production of Functional Glass. With the market showing an upward trend after a depressed first half of 2019, we can look forward to some projects in 2020 and the ZAK show was a perfect platform to renew our Marketing efforts.

Naresh Kumar, Country Representative
HEGLA Trading & Service GmbH

"Small opportunities are often the beginning of great enterprises"

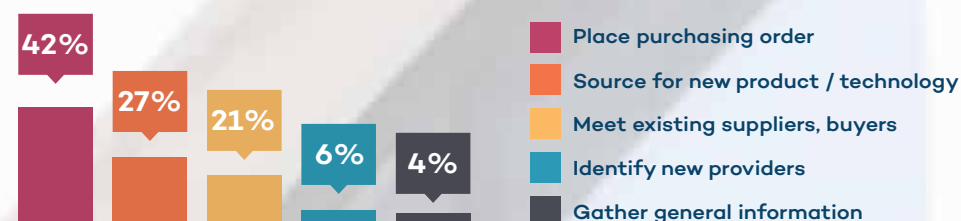

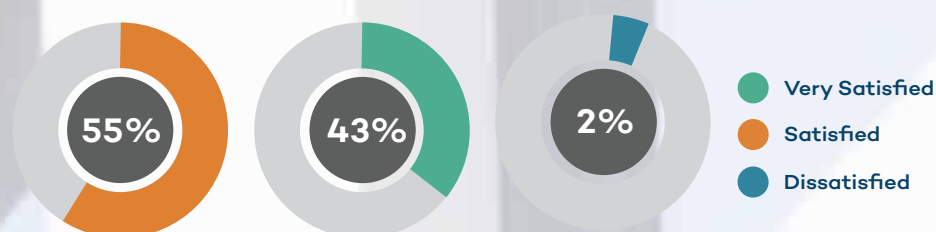

- Demosthenes

POST SHOW REPORT 2019

Zak Doors & Windows Expo is the leading platform for India's façade and fenestration industry. The 16th edition of the expo saw a surge in visitors and exhibitors alike with a presence of over 210 exhibitors from 20 countries. Representing more than 230+ Indian and International brands, Zak Doors & Windows Expo 2019 played host to new product launches and technologies. It affirmed the status of India's rising façade industry as a growing force with an increased audience growth and high exhibitor satisfaction ratio.

Zak Doors & Windows expo for us has been very important. We have been here since the beginning almost 12 years now. We started at a small scale and now it is important for us as we met all our customers. It's the only moment in the year where you can meet everybody in a few days. This is an extremely important event for us.

Massimo Ajello,
Director
FOM India

According to my experience from previous years, the Zak Doors & Windows expo is doing better and better and becoming more professional. I am looking forward to seeing some good improvement in the future also.

Umur Ahmet Duymaz, Head of Sales
Orgadata

For the second time the German Pavallion section was at the Zak Doors & Windows Expo and I really appreciated to be there. The customers and exhibitors from Germany were very happy with the show and we look forward for the next year's expo.

Nicole Neuendorf, Project Coordinator
Nuernberg Messe

I was very pleased to be at the Zak Doors & Windows exhibition once again and the expo has developed very well over the past few years. We participated at the expo to showcase our latest products. The Zak Doors & Windows expo is the oldest exhibition I have known and it has been successfully placing itself over the years.

Patrick Seitz, Managing Director
Aluplast

“The only way to discover the limits of the possible is to go beyond them into the impossible.

- Arthur C. Clarke
